

POLICY

ENVIRONMENTAL

Woods Signalling Service is committed to delivering services in an environmentally responsible way with best practice at the forefront of priorities.

This will be achieved by:

- Complying with all applicable environmental legislation, regulations, codes of practice, and client environmental requirements
- Ensuring strong leadership engagement during the planning phase of works to understand environmental challenges and implement best practice controls
- Monitoring of our environmental performance to ensure we are always on the path of continual improvement
- Understanding our clients' environmental priorities to better assist in working together towards a common goal
- Embracing new technology and new task methodologies that can assist
In further reducing environmental risk

This Policy is fully supported and endorsed by the Woods Signalling Service Director who expects all employees to uphold this Policy by contributing to the continual improvement of the workplace and always delivering works in an environmentally responsible manner.

A handwritten signature in black ink, appearing to read 'Ben Woods'.
